BRING YOUR DOG TO THIS INNOVATIVE AND INSPIRING WORKSHOP DESIGNED  
FOR SMALL GROUPS LOOKING FOR A DAY OF FELLOWSHIP, FAITH AND FUN

Gather in God's classroom – the great outdoors – for a fun day together. Your coach Donna Brinkworth, will guide you to think about what it means to Follow Jesus and his teachings as you work together to train participating dogs to use their powerful noses.

Donna is a Professional Coach and Dog Tracking Instructor. For many years she has brought her Christian faith to her popular dog tracking seminars. She enjoys this easy, non-competitive hobby and has enjoyed many quiet hours in prayer as she follows her own dogs on tracks through fields and urban greenspaces, where they find hidden items like socks, gloves and plastic keychains. All dogs love to use their noses. Following a dog on a track means 'letting go and letting dog' with a great sense of trust and faith that they will lead you on the right path. Whether you train your own dog, help someone with their dog, or handle one of Donna's trained tracking dogs, you are guaranteed to be moved by the experience. The bond of fellowship is clear by the end of the day.

<h3>TRUST &amp; FAITH</h3> <ul style="list-style-type: none"><li>• Trust in the unseen. Dogs' sense of smell is beyond our comprehension.</li><li>• Faith to follow your dog. Lots of walking. In all weather! Enjoy walking prayer meditation and become fit and healthy as God wishes</li><li>• Keep a humble heart as you train, and avoid the pitfall of pride – glorify God and give praise for the time to enjoy this hobby, and help others with a servant's heart as you train together</li></ul>	<h3>LOVE</h3> <ul style="list-style-type: none"><li>• Learn more about what Jesus expects when he says to love one another and love your neighbour, as you work with fellow trainers and their dogs</li><li>• Experience God's love as you commit this activity to him and seek to share his love with others you become connected with, witnessing with your dog at your side</li><li>• Experience unconditional love of a dog doing what comes naturally, but at your command</li><li>• Through this activity, develop fellowship with others as you train and enjoy quiet times together</li></ul>
